The trustees of the Tampa General Hospital Foundation would like to thank our generous benefactors, friends and volunteers for their support. We are truly grateful for these gifts that enable the Foundation to support the critical programs and services of Tampa General Hospital. It is through these partnerships that we can make a lasting impact on the health care of our community.

STACEY H. PACKER, Executive Director
2004 was an exciting year for the Tampa General Hospital Foundation as it celebrated its 30th anniversary. Since 1974, the Foundation has remained committed to supporting the advancement of medical excellence in this community. The Foundation has strived to be an effective “friend raiser,” while it has also been a fundraiser with more than 5,000 donors having made contributions to the Foundation over its history.

Through the generosity of our friends and benefactors, we raised $6.7 million for fiscal year 2004 (July 1, 2003 to June 30, 2004). Although many of these funds will be directed toward the hospital’s current expansion project through the “Building on Excellence” campaign, the Foundation still provided $770,000 toward various hospital programs, projects and services.

The following pages demonstrate the growing support of Tampa General Hospital and the evolution of this organization as a substantial source of funding. On behalf of the Board of Trustees, I wish to thank all of our donors for sharing their good intentions and generosity with Tampa General Hospital — a true crown jewel of this community.

Thank You,

Mark A. Nouss
Chairman
SIGNATURE EVENTS – A GREAT WAY TO GET INVOLVED

Our signature events are a wonderful way to raise funds for the hospital. The continuing community outreach and relationship building that result from these events are as important as the funds raised. Each event adds new friends and supporters and increases awareness of Tampa General Hospital’s programs and services. The TGH Foundation is proud to produce three signature events each year to benefit the programs and services of TGH.

13th Annual “Night at the Circus”

Feld Entertainment's Ringling Brothers and Barnum & Bailey® Circus presented our 13th Annual “Night at the Circus” at the St. Pete Times Forum on January 8, 2004. The event raised $128,000 in net proceeds for the Pediatric Emergency Care Center at TGH.

Toni Hoover, the 2004 circus chairperson, helped continue a great tradition of strong leadership for the circus committee. From countless hours in the Foundation office to her constant representation of the Foundation throughout the community, Toni helped raise awareness about this extraordinary project and cause.

The 2004 “Moments in Time” Gala

Our 7th Annual “Moments in Time” Gala was a huge success. The “60’s Beach Bash” took place at the new Harbour Island home of Ron & Beverly Bailey on May 1, 2004.

Guests arrived by yacht and enjoyed unique culinary presentations in the exquisite surroundings of this tropical oasis. The event surpassed the Foundation’s goal by netting $145,000 for the Level I Trauma Center at TGH.

Our 2004 co-chairs, Debra Roberts and McIver Berner, pulled out all the stops for this party and exercised their creativity on this event. Working with the largest committee in the Foundation, they energized volunteers and executed a complex event that entertained guests throughout the evening.

The 6th Annual Golf Tournament

In its sixth year, this exclusive event surpassed the Foundation’s goal by netting $174,000. Held on October 25, 2004 at Old Memorial Golf Club, 80 golfers enjoyed beautiful weather and excellent course conditions.

This year, we received a commitment for the tournament sponsorship from the “Friends and Family of Sam Stallworth.” This represented an effort by Sam’s wife, Shelley Stallworth, to honor her late husband and thank the hospital that cared for him in his final days.

A portion of the proceeds from this year’s tournament will benefit the Tampa General Hospital Foundation’s Unrestricted Fund, which is used to support a variety of programs and services at Tampa General Hospital.
A portion will also benefit MORE HEALTH, Inc., Tampa General’s health education and injury prevention program, which provides a variety of health lessons to more than 120,000 students in Hillsborough County public and private schools.

The returning event co-chairs, Joe Taggart and Al Silva, provided exceptional support to the planning committee. Their professional contributions are key to the tournament’s success.

Other Annual Events Include:

**2004 Annual Dinner**

The Foundation celebrated its 30th anniversary at our Annual Dinner held on October 7, at Palma Ceia Country Club. In honor of this milestone, a special award was presented to Ron Hytoff, President and CEO of TGH. The award recognized the outstanding achievements of Mr. Hytoff, whose actions have significantly furthered the mission of the TGH Foundation. He took on the TGH presidency in 2000 during a time of severe fiscal straits and oversaw the hospital’s dramatic financial turnaround.

The Tampa Bay Lightning was presented with The James M. “Red” McEwen award, named after a TGH Foundation founder, for their efforts, good works, and service that contributed most significantly to the betterment of Tampa General Hospital. “This organization has adopted Tampa General Hospital. We have become a beneficiary of their energy and emotional commitment,” said Foundation Chairman Mark Nouss.

Sylvia Beall was the recipient of this year’s Madeleine P. Gibbons Humanitarian Award for embodying the “spirit, enthusiasm, and commitment of Mrs. Gibbons,” a charter member of the Auxiliary in 1952. Mrs. Beall has volunteered more than 5,000 hours to the hospital.

**White Coat Mini-Internship Program**

TGH’s White Coat Mini-Internship Program allows community and business leaders to experience a major teaching hospital from an insider’s point of view. Each intern is paired with a TGH physician for an entire day. Nothing is prearranged or “sugar coated.” The intern accompanies their physician everywhere – on rounds, in patient consultations, and even in the operating room. Our goal is to give the interns a real day-in-the-life of a physician – the intensity, the drama and the complexity. It is an opportunity to demonstrate the expertise of our physicians and staff, and also their humanity. The White Coat Program was held three times in 2004 with twenty-six interns completing the program. One hundred fifty-one interns have completed the program since its inception at the hospital in the spring of 2000.
Don and Erika Wallace

Don and Erika are well known for their tireless efforts to improve the community through their generous philanthropic support and civic involvement. Mr. and Mrs. Wallace have been loyal supporters of Tampa General for years and have made its programs and services a priority.

In 2004, the Foundation was very fortunate when Mr. Wallace agreed to deliver the keynote speech at our “Building on Excellence” campaign kick-off. Through his leadership, the Foundation has been able to cultivate new donor relationships and continue to deliver important messages about Tampa General Hospital to the community.

This year, the Foundation was honored, privileged and thrilled to be the recipient of the Wallaces’ outstanding generosity when the Don and Erika Wallace Family Foundation committed $1 million to the “Building on Excellence” campaign. This gift has helped us to raise more than $8 million dollars to date towards our $10 million goal.

In addition to the Capital Campaign, the Don and Erika Wallace Family Foundation has generously supported the Annual “Night at the Circus” event, distributing 1,000 circus tickets to local charities and employees of Lazydays RV Center, Inc. Don and Erika are also major sponsors of the Annual “Moments In Time” Gala and Annual Golf Tournament at Old Memorial.

We thank Mr. and Mrs. Wallace for all they do to benefit the care at Tampa General Hospital.

The Tampa Bay Lightning and Lightning Foundation

Over the past three years, the Tampa Bay Lightning, the Lightning Foundation and Melitta USA have donated $106,000 from proceeds raised in their annual “Glitz and Sticks” event to renovate the Children’s Medical Center playroom, now known as the Lightning Playroom.

The room experienced a major transformation as an updated and enhanced look was provided to the enlarged playroom for pediatric patients. Decorated in red, blue and white, the room has a new identity and state-of-the-art toys and supplies for children.

The Lightning’s donation also paid for more toys, furniture and equipment, including a 42-inch plasma TV and home theatre system. The room features a trophy case with Lightning memorabilia, famous photos and the team’s logo etched on the playroom floor.

The Tampa General Hospital Foundation honored the Lightning and Lightning Foundation with the distinguished James M. “Red” McEwen award at its Annual Dinner held on October 7, 2004.
Nursing Scholarships

The TGH Foundation continued the successful Nursing Scholarship Award in 2004.

This year's recipients: Joseph Bader (Transfer Center), Arelys Chaviano (Neonatal ICU), Lindsey Lassota (9A), and Jennifer Pierson (ICU-1), each received three-year scholarships. With the Foundation nursing scholarship, each student will work 16 hours per week at TGH while receiving pay and benefits for 40 hours per week. Coupled with Tampa General's Tuition Assistance Plan, which covers recipients' educational costs, the fund provides employees with a steady income and the ability to dedicate precious time to their education.

The fund benefits Tampa General Hospital as well, by requiring scholarship recipients to work full-time at TGH for at least four years after graduation. Nursing scholarship recipients are able to develop a new career; for the hospital it's another chance to ensure a steady stream of skilled nurses.

The TGH Foundation hopes to continue to expand the program and increase the number of recipients each year.

“Building on Excellence” Campaign

Tampa General Hospital Foundation is pleased to report that our first-ever multi-million dollar capital campaign, “Building on Excellence,” has enjoyed a tremendous year in 2004. Chaired by former Foundation board chairmen, Stella Ferguson Thayer and James W. Warren, III, the campaign has raised a total of $8.4 million towards its $10 million goal in support of building a new state-of-the-art Trauma and Emergency Center as part of the $140 million hospital expansion program.

Last year's focus was on members of the TGH “Family.” This year, the campaign focused on meeting with the many friends we have in the community, and asking them to join our board members, physicians and employees in support of this historic effort. As witnessed by this impressive list of donors, the Tampa community has responded very positively to our request.

In 2005, we will successfully complete “Building on Excellence.” All of our donors can have a sense of pride that they contributed to the future of Tampa General Hospital and our continued service to the community.

This listing represents gifts received during the period January 1, 2004 to December 31, 2004. Every attempt has been made to ensure that all names and amounts are correct. Please notify the Foundation office of any changes at (813) 844-7512. *Denotes member of Gordon Keller Society
Facts about Tampa General Hospital (TGH)

**REGIONAL TRAUMA CENTER** Tampa General Hospital is the only Level I Trauma Center in West Central Florida, providing emergency treatment to adults and children with critical injuries and acute illnesses. This Level I rating means that a designated trauma team is in the hospital 24 hours a day ready to respond to the most serious injuries. An adult trauma room, a pediatric trauma room, and a dedicated trauma operating room are available 24 hours a day.

**REGIONAL AEROMEDICAL TRANSPORT PROGRAM** Three aeromedical helicopters equipped with the most advanced life support equipment transport critically ill or injured patients from 23 surrounding counties.

**REGIONAL BURN CENTER** TGH is one of only four burn centers in Florida and the only one to receive verification status. This distinction means the center has stringent guidelines for patient care procedures, facilities and staffing. This self-contained unit treats critically burned patients from initial emergency admission through reconstructive surgery and follow-up care. Only 41 of the country’s 129 burn centers have received the honor of verification status.

**TRANSPLANTATION PROGRAM** TGH is one of the busiest organ transplantation centers in the nation and the only hospital in West Central Florida performing adult heart, lung, kidney, liver and pancreas transplants. In addition, pediatric kidney transplants are also performed at TGH. From Oct. 1, 2003 through Sept. 30, 2004, Tampa General Hospital transplanted 48 hearts, 9 lungs, 22 kidney/pancreas, 157 adult kidneys, 15 pediatric kidneys, 91 livers and one liver/kidney. TGH is one of 12 centers in the nation to have performed more than 500 heart transplants and in 1985 performed the first successful heart transplant in Florida.

**NEONATAL INTENSIVE CARE UNIT** As a Level III Neonatal Intensive Care Unit (NICU), neonatologists are in-house 24 hours a day and our Level III status is the highest rating available. TGH provides the most advanced treatment for critically ill newborns, including ECMO, a life-saving breathing treatment available at only six hospitals in Florida.

**CARDIAC SERVICES** TGH provides a complete range of non-invasive, invasive, surgical, diagnostic and rehabilitative cardiac services.

**CENTER FOR BLOODLESS MEDICINE & SURGERY** This program is designed to provide state-of-the-art medical care for patients who choose not to accept blood transfusions or blood products. Bloodless care can be applied to nearly every medical and surgical specialty.

**CHEST PAIN AND STROKE CENTER** Patients with symptoms of heart attack or stroke (brain attack) are taken directly to the Chest Pain and Stroke Center in our Emergency Care Center. Diagnostic procedures begin immediately and, when indicated, treatment is administered to halt the attack’s progress. This specialized focus substantially reduces the time in which patients are diagnosed and treated compared to facilities without chest pain and stroke centers.

**CHILDBIRTH CENTER** Prenatal education classes, well baby care and high-risk obstetrical services are available. Free infant car seats are given to all new mothers at discharge.

**CHILDREN’S MEDICAL CENTER** Special services include a nine-bed pediatric intensive care unit, pediatric dialysis, pediatric rehabilitation and certified child life specialists. With its own playroom and school, this unit was designed just for kids. A Ronald McDonald House is on the TGH campus to serve families of our pediatric patients.

**DIGESTIVE DISORDERS CENTER** TGH is a referral center for routine and complex disorders of the digestive system. More than 500 weight loss surgeries have been performed at Tampa General Hospital since 1998.

**INFECTIOUS DISEASE SERVICES** In addition to providing state-of-the-art patient care, this service provides specialized training, consultation and continuing education in infectious disease care for health professionals. Topics address problems arising from bioterrorism, emerging pathogens and bacterial resistance.

**NEUROSCIENCES SERVICES** Provides a full range of neurosurgical services, including cerebrovascular surgery, surgical epilepsy treatment, spine and spinal cord surgery and brain tumor surgery. Services also include diagnosis and treatment of patients with neurological injuries and impairments, including stroke, epilepsy and movement disorders such as Parkinson’s and Huntington’s diseases.

**ORTHOPEDIC SERVICES** A multidisciplinary team of physicians supported by nurses, physician assistants and physical and occupational therapists provides total replacement of failed joints, including hips, knees, shoulders and elbows.

**REHABILITATION SERVICES** Specialized therapy for patients of all ages with head and spinal cord injuries, stroke, amputations and other neuromuscular disorders is available at TGH. TGH is one of just nine state-designated spinal cord and head injury centers in Florida and is accredited by the Commission on Accreditation of Rehabilitation Facilities.

**SLEEP DISORDERS CENTER** The Sleep Disorders Center is accredited by the American Academy of Sleep Medicine. Only 21 centers in the state of Florida have received this accreditation. This center provides evaluation and follow-up care for children and adults with a variety of sleep-related disorders such as sleep apnea, narcolepsy and insomnia.
